Challenge three

"The remake of the most popular Report in novyPro"

NovyPro is the biggest Power BI portfolio website currently on the market, founded by Mr. Ahmed Khodir. novyPro also provides a blog section and community forum.

These services are free of charge and open to any Power BI developer wanting to display their reports and create a professional portfolio. Currently, novyPro hosts hundreds of by Power BI developers.

Find out who is the most popular reports in novyPro with seventy votes, as voted by members of novyPro's Community. He is a Creative Report Developer currently providing his services as a consultant at [Inforiver](#).

Please check [novyPro](#) and the work of the [secret developer](#), click on the links.

Introduction

We are excited to introduce this **short 10 days** challenge, "**The Remake of the Most Popular Report in novyPro**".

Timeline:

The challenge will run from **7th March 2023 to 17th March 2023**. The Challenge closes on the **17th of March 2023 at 11:59 pm UK time**.

Tools:

Reports can be presented in **Excel** and **Power BI**.

Access to the Group:

A link to our challenges group can be found [here](#).

Important Read!!

The role is to remake the secret developer's work.

Copy of the entire file and data has been provided in the website dataset section. The report, DAX, flags, and everything else are in PBIX file. We recommend for your icons to use [remixicon](#)

Participants must change completely the colour scheme (thus no combination of black and orange) and order of visuals.

The only visuals that could remain in the same place are the top KPI and single values (top section).

Submission of entries

IMPORTANT

This is a single Page Report Challenge, take a nice screenshot of your report page and add it to a LinkedIn post with the following wording.

"I am participating in FP20 Analytics Data Challenges, Challenge 3." Please see a screenshot of my report.

Use the hashtag **#FP20Analytics** and **#FP20MostPopularReportnovyPro** and tag **@Federico Pastor**.

"Please post the same post in the Challenges Community Group on LinkedIn" together with a small Brief/Summary of your report.

If you want to post your report in novyPro (only PBI Files), please see a link to a video of how to do it.
